Notation	Value	Note
f_{start}	35 017.5 kHz	Lowest frequency of CENELEC-A bandplan (subcarrier number 23)
f_{end}	90 625 kHz	Highest frequency of CENELEC-A bandplan (subcarrier number 58)
Presumably masked subcarrier indices	0 to 22, 59 to 127	Clause 8.4.2.1 of [ITU-T G.9902]

SERIES OF IT/IS RECOMMENDATIONS	
Series A	Organization of the work itself
Series B	Applied and fundamental research in information technologies (IT) systems and services
Series C	Applied and fundamental research in information technologies (IT) systems and services
Series D	Non-applied information systems
Series E	Transmission systems and media, digital systems and networks
Series F	Radio and satellite systems
Series G	Information systems in digital systems
Series H	Cable systems and methods of telecommunication, control programs and other methods
Series I	Processing systems
Series J	Information and IT, the change of a state, energy efficiency, connection, media and other systems
Series K	Information management, including IT and network management
Series L	Management, information control systems and information transmission in cable systems
Series M	Information transmission systems
Series N	Information transmission systems, optical media, local area networks
Series O	Networking and signaling, and associated communication links
Series P	Information systems
Series Q	Telegraph systems and related equipment
Series R	Transmission in electronic systems
Series S	Telegraph systems
Series T	Data communication over the telephone network
Series U	Data networks, open systems communication and security
Series V	Digital information transmission, between packet of systems, non generated networks, and other systems
Series W	Language and general advice aspects for information systems queries
