HYTERA RD985

HYTERA RD985

project objectives\:

- Bring together analog and digital technology
 - double benefit in using existing FM sites
 - only one timeslot for international network (second timeslot for local use)
 - software made by amateurs to set up the network
 - open network with small guidelines
- SYSOPs can test without notification to a MASTER SYSOP

master objectives\:

- essentially for local use
- compatible structures to existing DMR networks
